SELECTMEN'S REPORT

A MESSAGE FROM THE SELECTMEN

We would like to start with a positive attitude with this message.

Hopefully most of the results of the new revaluation have been smoothed out and we will be able to put our efforts into new endeavors.

An agreement was reached with the State of New Hampshire Air Pollution Control Agency as to the ending of our burning dump. A recycling and transfer station is in the process of being established near the present location. The station is expected to be in operation by May 30th.

We are also in the process of trying to make the facility available to the Town of Springfield if they desire to do so and the Town of Sunapee votes to allow it.

At this time we are also nearing an agreement with the Town of New London as to the use of our Wastewater Treatment Plant.

A feasibility study is also in progress as to other parts of the town that need to be sewerred.

We would like to thank all department heads and townspeople for their cooperation in the administration of our duties.

Respectfully submitted,

CLAUDE E. GARDNER,

Chairman

LEGISLATURE REPORT

Your Representative Reports:

Last year I reported to you on the changing makeup of the legislature and, after watching the people at work, I sometimes wonder in what direction we are going.

I was successful in getting passed an amended Administrative Procedure Act. This act will slow down the rulings by commissions that have the effect of laws.

I was also successful in getting some needed amendments to Municipal laws passed. These were co-sponsored with Representative Bednar of Hudson.

I worked with a group that reviewed the proposed budgets that the Senate and House had been unable to agree on. They finally accepted some of our suggestions and we ended up with a budget, even though the Committee of Conference footnoted it thereby creating legislation in a very unsatisfactory manner.

I also worked for equalizing retirement credits for all state employees. In the past the method of determining retirement credits was very unfair to many.

Additional monies in the amount of \$16,000,000 were raised to go back to cities and towns. These monies will be distributed by a new formula that will help the areas of growing population and industry.

We had 2,000 proposed laws introduced. This is too many for any one legislative session. It does not give the legislators ample time to research the merits of the proposals. We should have a screening committee to review the importance of the proposals that are to be submitted to the legislature.

Revenue Sharing Funds that were voted at the last town meeting are being used to do the initial work necessary to prepare for our proposed expansion. It was first necessary to have the Library lot surveyed and the lot lines delineated.

Stanley Richardson, architect, made a survey to determine the need for more space and has made drawings for a 24 foot addition on the north end of the library.

Donations to the Expansion Fund have been made as follows:

Mr. & Mrs. Robert Fable	\$ 100.00
Mr. & Mrs. Donald Boose	10.00
Mr. & Mrs. Byron Calame	10.00
Mr. & Mrs. Spencer Lofquist	10.00

The Friends of the Library sponsored two performances of the Little Red Wagon, one on July 1st and again on July 26th.

I have attended legislative committee hearings, N.H. Library Association Executive Board meetings, quarterly meetings of the District Advisory Council, Spring and Fall Conferences and many workshop meetings.

I wish to express my appreciation to the Board of Library Trustees for the assistance they have given me.

SUNAPEE HISTORICAL SOCIETY

1977 was another profitable year for the Sunapee Historical Society. Mrs. Louella Laro once again organized the annual antiques and crafts fair which was held on July 23. This was attended by approximately 2500 people, boosting our treasury by several hundred dollars. The proceeds were from the Society's food concession and the rental of dealer spaces.

At this time we would like to publicly thank the school board for allowing us to use the Rte. 11 gym without charge.

Our artifact collection has continued to increase through private donations and society purchases.

In the interest of establishing an oral history of Sunapee and its people, the Society has purchased a tape recorder. We hope that anyone with an interesting story, tale or personal experience will be willing to share them with us on tape.

Our primary projects for 1978 include the completion of becoming incorporated (through the office of John Fairbanks) and making application for the town office building to be included in the National Register of Historic Places.

Our chief fund raising project for 1978 will be our 5th annual antiques and crafts fair to be held on July 21. Once again this will be under the competent direction of Mrs. Laro.

We wish to thank everyone who has helped make this a productive year for the Historical Society.

SUNAPEE WATER DEPARTMENT

During the spring of 1977, the water department installed more than one mile of summer water service with new and larger plastic pipe. This new plastic pipe replaced the old galvanized pipe that has become obsolete in size and used beyond its life expectancy, also creating a great deal of repair and expense. By using the larger plastic pipe we can provide better water service to those on that line. Twenty six hundred feet was installed on Oak Ridge Road, fifteen hundred feet on Westwood Road, and sixteen hundred feet on Garnet Hill Road. In the spring of 1978, we expect to complete Garnet Hill and a section at Burkhaven with the new plastic pipe.

The safe drinking water act went into effect in June of 1977. All water supplies in the state, including municipal, private, or any system consisting of fifteen services or twenty-five users, will comply with the safe drinking water act. Water samples are taken daily, seven days a week, and analyzed by the department. Test results are recorded and sent to the N.H. State Water Supply & Pollution Control Commission.

During the year of 1977, the water department was responsible for taking six to eight water samples per month and sending them to the N.H. State Laboratory for analysis. In the past years, this service was provided by the State at no charge. As of January 1, 1978, a fee of ten dollars for each sample analyzed, will be charged by the State Laboratory.

All water services in the town of Sunapee were located and new measurements recorded to update our records. We will continue this location and repair program in Georges Mills during 1978. All service shutoffs will be checked for operation, and repaired if needed.

The River Road Pump Station was shut down in September for inspection and adjustments. Repairs were made to the draft tube. Downtime was very minimal.

Respectfully submitted,

HENRY CUNNINGHAM,
Superintendent

REPORT OF THE SUNAPEE WATER POLLUTION CONTROL PLANT AND PUMP STATIONS

Dennis Wells has received his certificate for the operation of a water pollution control plant — Grade II. To receive a certificate, one must have two years experience or the equivalent, pass a written examination, and have an oral interview with officials of the Water Supply and Pollution Control Commission of New Hampshire. Fifty per cent of the experience can be supplemented by educational achievement.

Dennis supplemented his experience by completing a 150 hour correspondence course through the California State University, Sacramento, and an 8 week course on Basic Laboratory Procedures. Dennis completed both of these on his own time. He took his test in May and received his certificate in July of last year. David Montambeault also received a Grade III certificate in July and completed an 8 week night course on the Activated Sludge Process and Control, called the "Al West Method."

Maintenance 1977

Plant Maintenance:

During the winter months we have a problem with freezing due to low flows. The oxidation ditch is the heart of our process and when this freezes, the plant is rendered ineffective. The oxidation ditch is a large oblong cement tank with a device called a rotor aerator. This rotor keeps the liquid in motion and when the ditch freezes the rotor will not function.

In the fall of 1976, we fabricated a cover for the rotor to maintain some heat from friction and keep wind off the rotor. This cover can be removed during summer operation. This cover has been installed for a complete winter season and seems to be working well.

During the spring and summer of this past year, we raised six manholes on Route 103B and lowered one on Myrtle St. The one on Myrtle St. was hindering snow removal operations.

Also during 1977, there were several new sewer connections to the system in town. However slight, every new connection will help the operation of facilities and lessen some of the unnecessary manual labor involved to maintain operations.

Maintenance 1978

We plan to paint the exterior of all eight pumping stations.

During our fall inspection of manholes, we found a very large percentage of the brick-work around the tops of the manholes was deteriorating and allowing water and sand to infiltrate the manholes. We plan to start a program of refurbishing this brick-work. We do not expect to be able to finish all of the manholes in town this year, but we do hope to do the worst ones and continue this project in future years.

Respectfully submitted,

DAVID B. MONTAMBEAULT
Plant Operator

PLANNING BOARD REPORT

The Planning Board had a very quiet year. There were nine lots approved and several non-applicable plans were signed by the chairman Suzanne McCloskey. These were mostly land owners who wanted to straighten out their property lines or smaller parcels of land which were being sold to abutters.

Several people came before the board to discuss procedure if they wanted to subdivide. They have not come back again, and in some cases, there were problems.

George Kraus resigned from the board when he and his wife moved to Ohio. Frank Simpson was appointed to finish his term.

The board has asked for and been given by the voters a \$900 appropriation for the past few years. Because there has been very little activity or expense, the members voted to ask for only \$700. Should there be an upsurge of sub-dividing, a larger appropriation will have to be asked for in the future.

SUNAPEE INFORMATION BOOTH

I missed Flora Pinney at the booth last summer as she knew the area and had worked with me for the past seven summers — BUT WAS ABLE TO HAVE Roxanne Pattenden as a daily attendant and Elizabeth Pratt as a substitute.

Our season's report gave over 2,000 cars containing over 7,000 passengers from 40 states, Canada, British Columbia and one from Venezuela, South America.

We answered over 1,000 phone calls regarding area information — boat trips, grocery stores, lodging reservations, cost and location of camp sites, etc.

A sign put up by the Sunapee Business Association, on the Information Booth lawn, gives an outline map of Lake Sunapee and a listing of area businesses.

REPORT OF THE RECREATION COMMITTEE

The Sunapee Recreational Committee had the old raft at Dewey Beach removed, it was replaced with a new fiberglass floating raft.

We sponsored three Little League baseball teams as well as Babe Ruth and one girls softball team.

We are appreciative of time and interest given by our coaches, and all others who assisted in our programs.

We wish more people would support the youth programs.

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

ENGINEERS REPORT Sunapee Fire Department

From December 1, 1976 to November 30, 1977 your Fire Department answered a total of 54 alarms of which 15 called out the entire department. This is an increase of 35% from the previous year.

Over the past three years we have purchased 18 tone alert monitors which are providing us with a more complete and quicker response from fire fighters who have them in their homes or place of work. When the fire siren is tripped these monitors are automatically put into operation.

The new pumper, purchased as voted in Town Meeting last year, was delivered in December and is now in full service.

During the past few years the development of smoke detectors has made them readily available for home use at a reasonable price. We urge you to use them — their proper use could save your life.

REPORT OF THE NEWPORT AMBULANCE SERVICE

The Newport Ambulance Service answered 477 calls during 1977. The Ambulance Service, the vehicles, and the crew members are all licensed with the state and meet all regulations. The members are licensed "Emergency Medical Technicians", and Advanced Red Cross members.

Coverage to the area towns has continued this year. Each town that we have covered with service has helped to support the Ambulance Service with tax assistance based on population, at \$2.00 per head. The Ambulance Service hopes to continue service to all communities in our area again in 1978.

The Ambulance Service has also responded to all major fires, in all communities. This is added protection of life and limb to all concerned.

The Newport Police Department has continued to serve as our dispatcher and has proven very valuable to our service and response time. Our telephone number for emergencies is 863-2355.

The crew consists of Royal Wallace III, Director; Albert Gobin, Paul Duling, Orren Barton, Mike Patten, Walt Patten, Tom Clough, Gordon Blood, Babe Frye, Terry Frye, Sandra Wallace, Robert Billings, Warren Jensen, Arthur Harris, Jerri-Sue Young, and Gary Nichols.

KEARSARGE VISITING NURSE ASSOCIATION ANNUAL REPORT OF SERVICES

"You may stay in your home and be taken care of right there", or "You can go home from the hospital **now**." These are some of the most welcome and wonderful words heard by anyone who has been ill. They mean the chance to stay or be reunited with family and friends and to be in the comfortable and well-known surroundings of **home**.

The Kearsarge VNA feels home health care is a cost-effective, efficient way of meeting the needs of the people in their usual environment. The graph below reveals the progress we have made in 1977. The total number of patient visits have grown in all of the services offered with a continued increase of 20% anticipated in 1978.

Total home visits in 1977 — 5,852. (This includes physical therapy, occupational therapy, speech therapy, health education, home health aide and supervisory).

Home visits to your town — 1,190.

Total homemaker program visits in 1977 — 1,551.

Skilled nursing care visits — 3,539. (Includes care of catheters, colostomies, dressings, injections, heart/lung exams, etc.).

Nursing intervention and prevention visits — 1,308. (Includes preventive testing, health guidance and support, counseling, teaching). No charge to patient.

Programs offered by Kearsarge VNA:

<i>Current</i>	<i>Anticipated</i>
Adult health screening clinics	Cancer outreach program
Child health clinics	Prenatal classes
Mental health care	
TB testing and follow-up	
Immunization clinics	
Dental clinics	
Homemaker service	

Home health care touches the lives of the people closest to you. It is only through your support that we can continue to provide high quality professional services. We thank you for your assistance through appropriations, contributions, and your donations of food, clothing and medical equipment.

JANE HEALD, Administrator
TANYA WILKIE, Supervisor

Your town representatives are:

Mrs. George Wiggins and Mrs. Gerald Putnam

SUNAPEE CONSERVATION COMMISSION

We have been able to have the old ski tow property surveyed and the boundaries marked.

Several of our committee have been working the past year trying to locate and mark all public right of ways to all bodies of water over ten acres within the Town of Sunapee. When this project is complete a map will be posted in the town office.

Sorry we had to close Dewey Woods to all people wishing to cut firewood because of the hazard that was being created by the brush.

The Committee has been working with the Selectmen in getting information and trying to set up a replacement for our present dump. With the help of Leon Geil, County Engineer, and the State EPA, we believe that we have solved the problems of the old dump site.

We wish to thank all those people who have worked with us this past year.

COFFIN MEMORIAL PARK

The park was attractively maintained during the 1977 season by Alan Wirta and his son Mark.

Alan Wirta, Herb Stiles and Charles Weinstein painted the picnic tables and benches, and stained the fencing.

We are planning for new picnic tables to replace some that have deteriorated.

The park is well attended for which we are very pleased.

REPORT OF THE BEN-MERE AREA COMMITTEE

During the year of 1977 the committee felt it would be best to ask for no financial assistance from the town or other sources due to other more pressing needs on resources.

Every effort was made, with the cooperation of the Town and some private individuals, to keep the property clean and attractive so that it could be used and enjoyed by residents and visitors.

The adopted policy of the committee continues, to await recommendations for area use on the part of clubs, organizations, and individuals, as to the best future use of the area and to assist in any way possible to implement worthwhile suggestions.

Mrs. Jean Putonen is still receiving contributions for trees and shrubs for beautification and it is planned that more of these will be installed during 1978. These may be of a memorial nature if one desires.

Respectfully submitted,

JOHN McGRATH, Chairman

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Sunapee, qualified to vote in District affairs:

You are hereby notified to meet at the School Gymnasium in said District on the thirteenth day of March, 1978 at 7:30 o'clock p.m. to act upon the Articles set forth in this Warrant not covering the election of District Officers. Said Officers will be acted upon at Town Meeting on the 14th day of March, 1978 in said gymnasium with voting by official ballot and checklists and the polls will remain open for this purpose from 9 o'clock a.m. until 7 o'clock p.m.

ARTICLE 1. To choose a Moderator, Clerk, Treasurer, and two Auditors for the ensuing year, and to choose a Member of the School Board for the ensuing three years. (Article 1 will be acted upon at Town Meeting.)

ARTICLE 2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

ARTICLE 3. To see if the District will vote to raise and appropriate the sum of \$812,454.50, as recommended by the School Board, for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriation of available income estimated at \$44,513.

ARTICLE 4. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1978 in excess of \$3,000 be placed in a Capital Reserve Fund to be used toward future school transportaion needs.

ARTICLE 5. To see if the District will authorize the School Board to expend money from the School Building Fund in the amount of \$25,153 to install new windows in the original section of the Elementary School - including new shades.

ARTICLE 6. To see if the District will authorize the School Board to expend money from the School Building Fund in the amount of \$7,500 to install a new oil burner in the Elementary School.

ARTICLE 7. To transact any other business that may legally come before this meeting.

Given under our hands this 8th day of February, nineteen hundred and seventy-eight.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Sunapee:

Several items of our operation may be of interest:

1977-78 BUDGET

By vote of the 1977 Annual Meeting, the Budget was reduced by \$20,000. Some of the steps taken to comply with this reduction included the elimination of one Aide, addition of a part-time rather than full-time teacher at the High School, elimination of new curtains at the Gym and the curtailment of the carpeting program at the Elementary School, postponement of some repairs and equipment replacements, and reductions in the allotment for the School Lunch Program and Athletic equipment. Although we are within the limits of the Budget, the School Lunch and Athletic Programs cannot remain in the black without additional financial assistance.

PROGRAM

Establishing the position of Supervising Principal at the Elementary School has proven to be a sound educational step. Great strides are being made in building a sound, pupil-oriented program where the needs of individual students can be met. An excellent working relationship exists not only within the school but with the Junior-Senior High School as well.

Sunapee presently has two well-functioning schools. Curriculum studies and changes are on-going. The staff is well trained, experienced and committed to serving the student body. A heavy program of extra-curricula activities is carried on in addition to the regular curricula. Student participation is very high and the over-all performance is excellent.

If these remarks seem more complimentary than usual, it is because the staff has earned and deserves your commendation and support.

SPECIAL WARRANT ARTICLES

Two special articles dealing with building improvements at the Elementary School are included in the Warrant. One calls

for replacing the oil burner which was installed in 1951 and has been in operation for twenty-seven years. The other Article calls for replacing the astral-type windows in the original elementary building. These windows presently cause problems — both in physical comfort and in extreme heat loss. With the high cost of fuel as well as the discomfort of the occupants, they should be replaced. Fortunately, there is money remaining in the School Building Fund to finance both projects. This balance results from interest earned on the bond issue during the construction of the High School and as a result of obtaining federal funds for some school lunch and science equipment for the new building. Favorable voter action will make it possible to improve the Elementary School without raising additional taxes.

Respectfully submitted,

GORDON B. FLINT,
Superintendent of Schools

REPORT OF THE ELEMENTARY PRINCIPAL

The enrollment of the elementary grades 1-6 decreased from 196 in January 1977 to 190 in January 1978. This does not, however, seem to be a trend, as our enrollment has increased from 186 as of September 1977 to its present number. A major problem is dealing with the uneven way that enrollment is distributed among the six grade levels and the eight teachers who are available to teach them. To compensate for this, combination grades are used so that no single classroom is overcrowded. This year we have three combination grades, including a combination 1-2, combination 2-3, and combination 5-6. Next year the shift in enrollment due to promotion will result in a different apportionment of pupils.

The elementary curriculum seems to be very strong, and seems to provide appropriate instruction for all pupils. This curriculum includes strong programs in the basics which are designed to provide instruction at each pupil's level of achievement. It also includes music instruction and free instrumental lessons, art, and physical education. In addition to this curriculum special winter programs are offered in drama, gymnastics, art and skiing. A new offering this year is a program for academically talented children. This complements our resource room program offered to pupils who need additional help in academics. This year we are also offering a program designed to help some pupils to become better adjusted to their school environment. This program operates during school time and provides recreational activities on Saturday mornings. We hope to expand this program next year. It is our hope that we will receive outside funding for this purpose.

We are most pleased with the opportunities that we offer community members to become involved with our programs. These opportunities include a volunteer program which gives citizens an opportunity to participate in the classrooms, and a very active parent-teacher organization whose officers meet monthly with faculty representatives and principal. The recommendations made by this group are given direct and immediate attention by the school. We urge all parents to visit their school and participate in its activities. Community-school cooperation is the key to an effective educational program. We hope to see you.

Respectfully,

KENNETH A. GREENBAUM
